

IQ Test

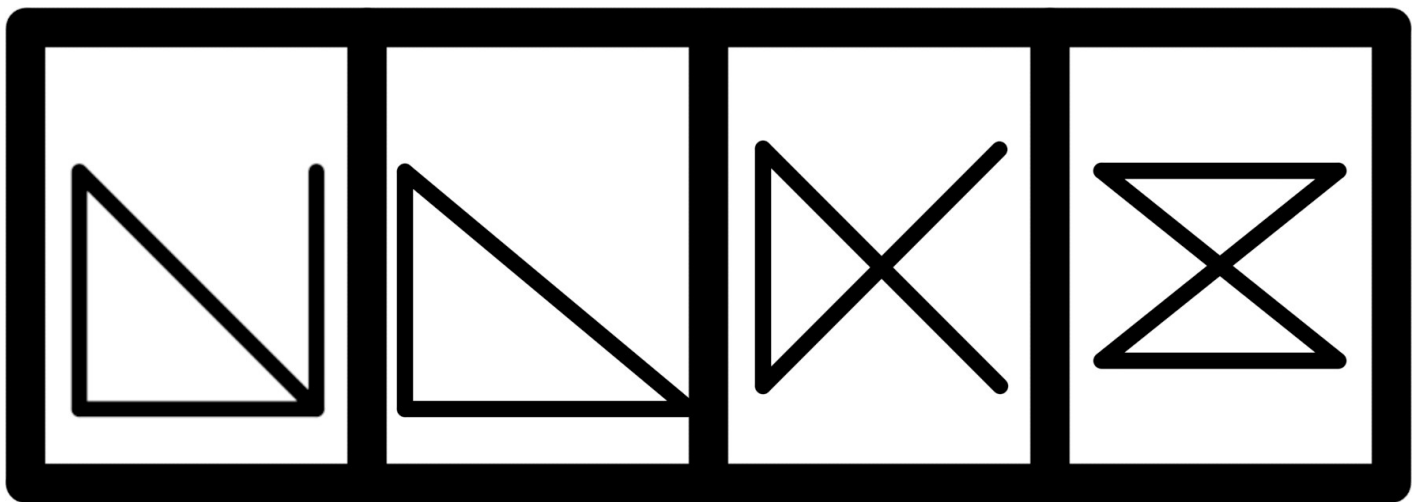

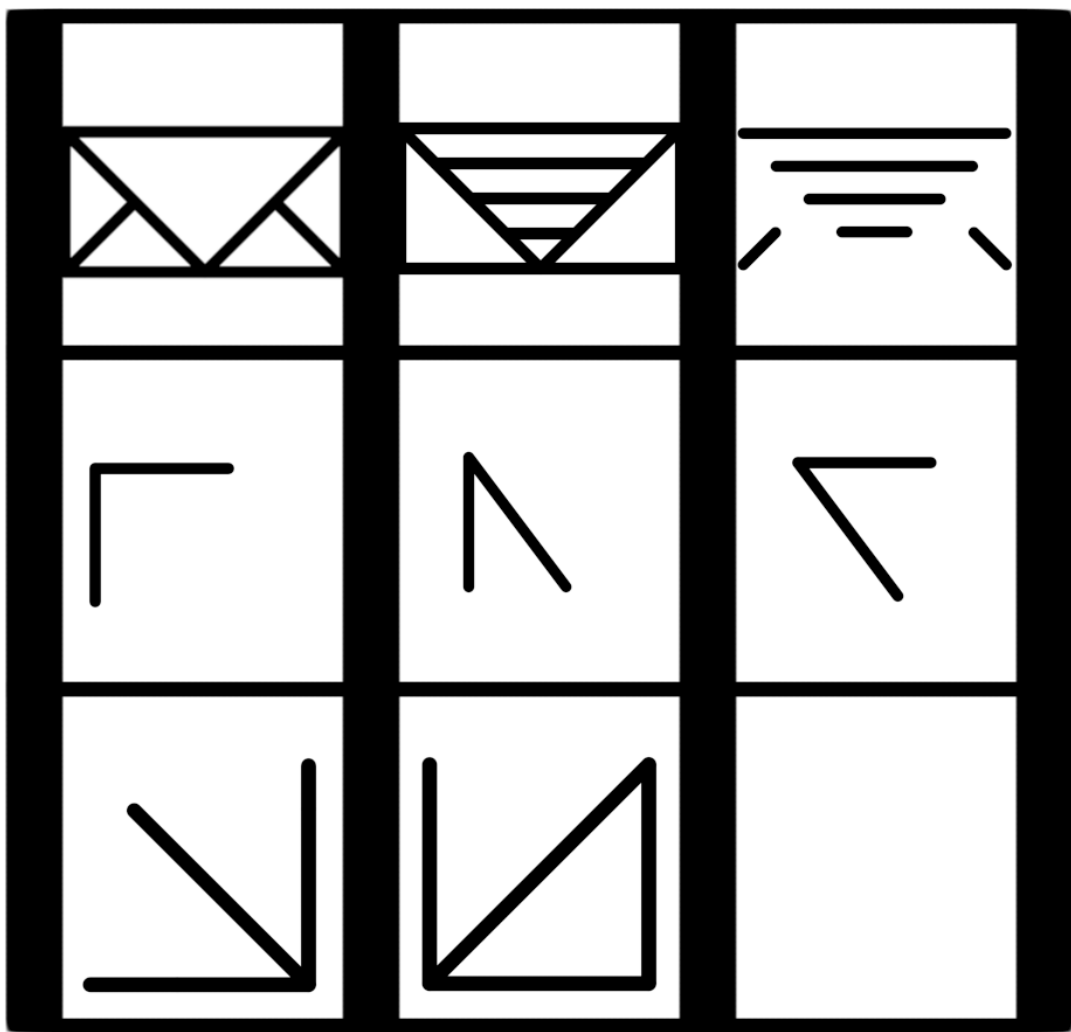

This is still in testing, you will not receive your score until we have enough people to normal distribute the score to translate it into an IQ value. If we have already have enough scores your score will be given as IQ, otherwise just the number correct.

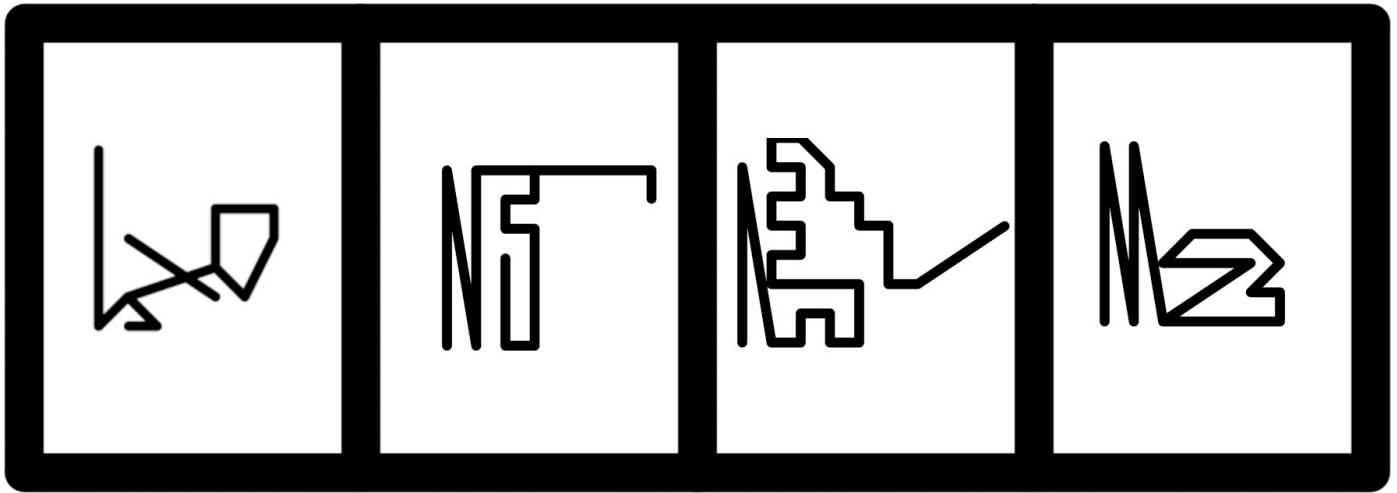

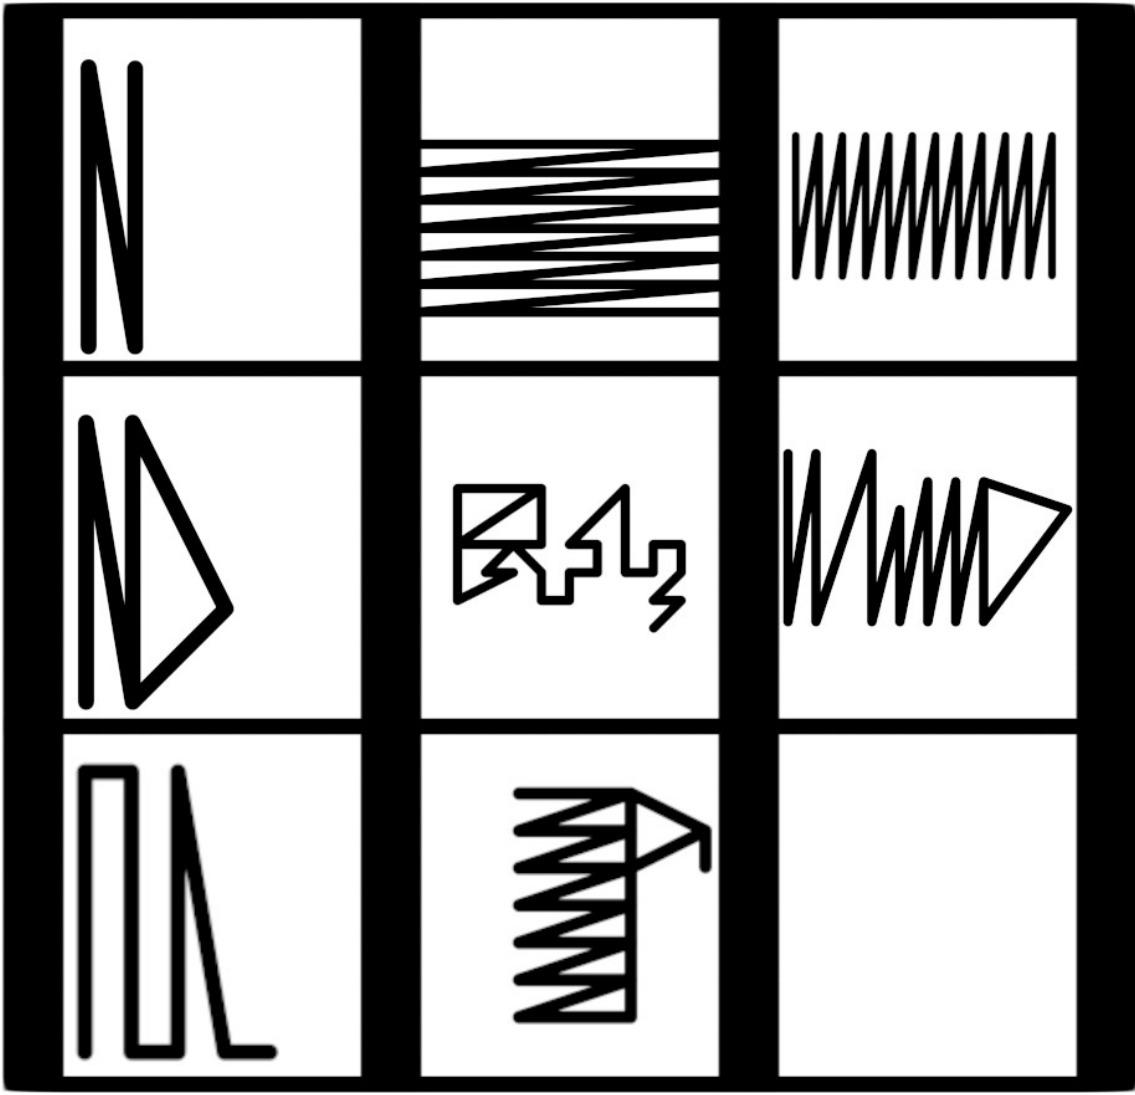

How to take the test

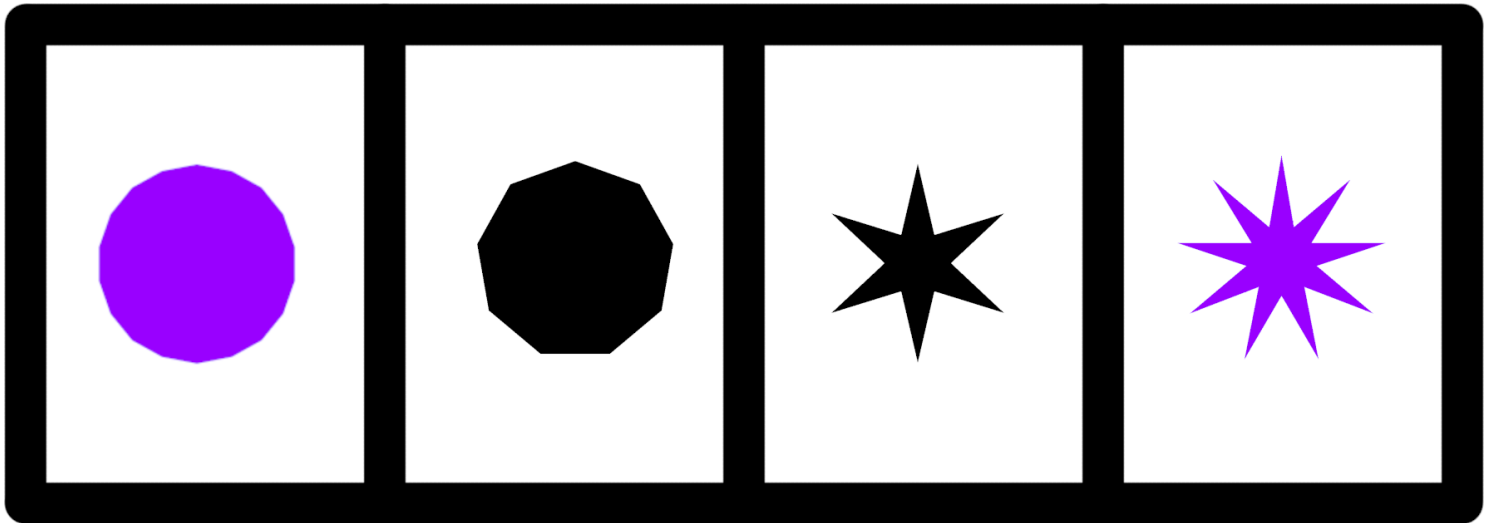

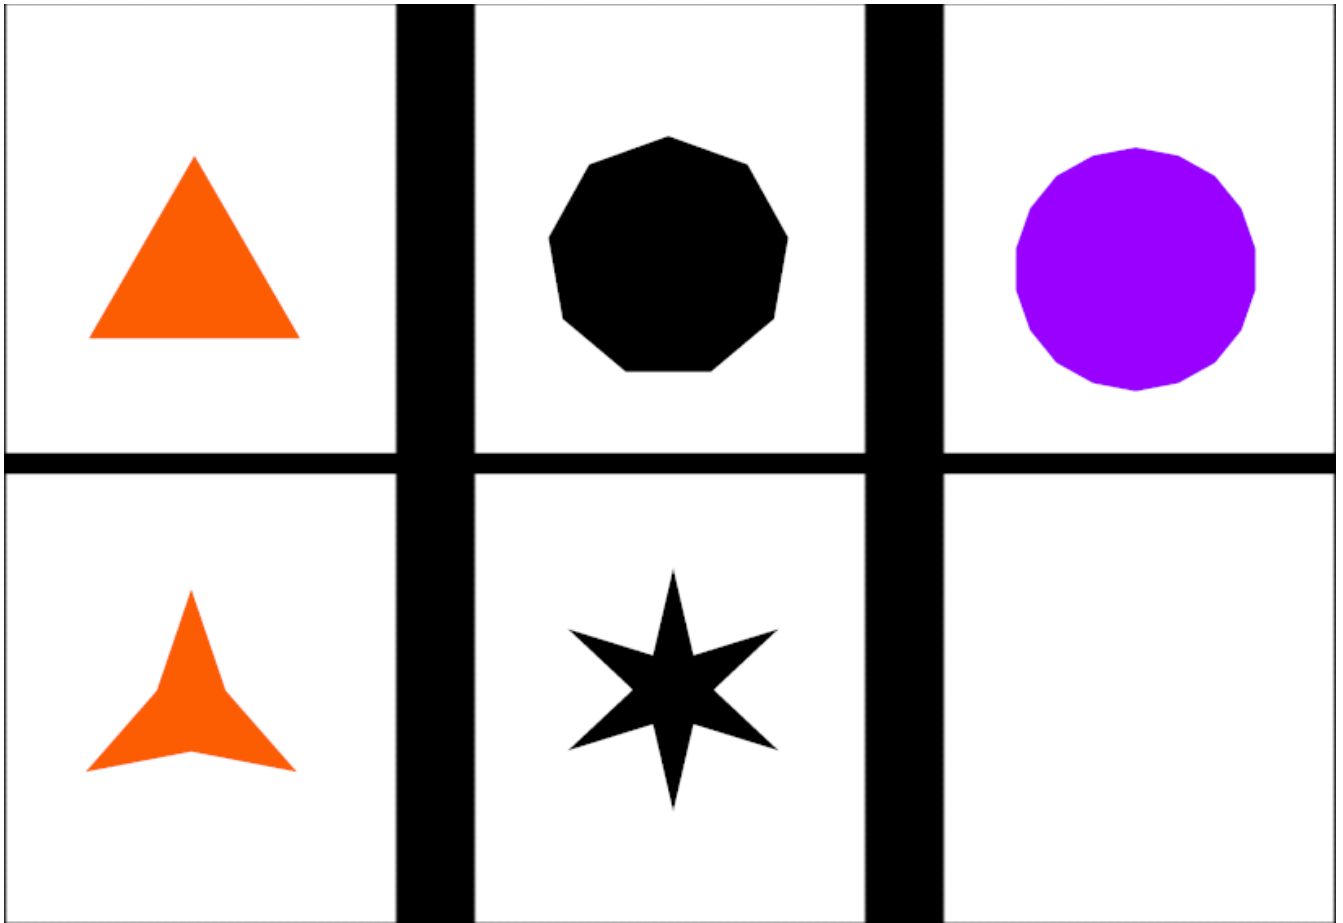

Below there are several (15) images with 4 options. For your choice put it as (a, b, c, d) depending on what answer you believe it to be. Starting from left is A, and the fourth(4) answer will be D.
